

## **SEND Statement**

At Whitehill Primary School we recognise that all pupils are entitled to a quality of provision that will enable them to achieve their full potential. All pupils have their own particular needs and we seek to ensure that each pupil is able to learn, experience success and feel valued in an environment free from obstacles and prejudice. Quality first teaching is vital, however, for some children there are occasions when further additional support may be needed to help them achieve their targets. As a school, we work closely with parents/carers and other professionals to ensure that we are helping all children to become confident, ambitious and independent learners.
